

## Gender-based violence\_Quiz

Complete the quiz and when you submit your answers, you will receive a certificate (if your score is over 80%).

\* Required

1. Email \*

---

2. Gender-based violence affects both women and men, but disproportionately affects women, reflecting their inferior position in society. \*

Mark only one oval.

True

False

3. An individual's biological sex is culturally and socially constructed, while gender is genetically determined. \*

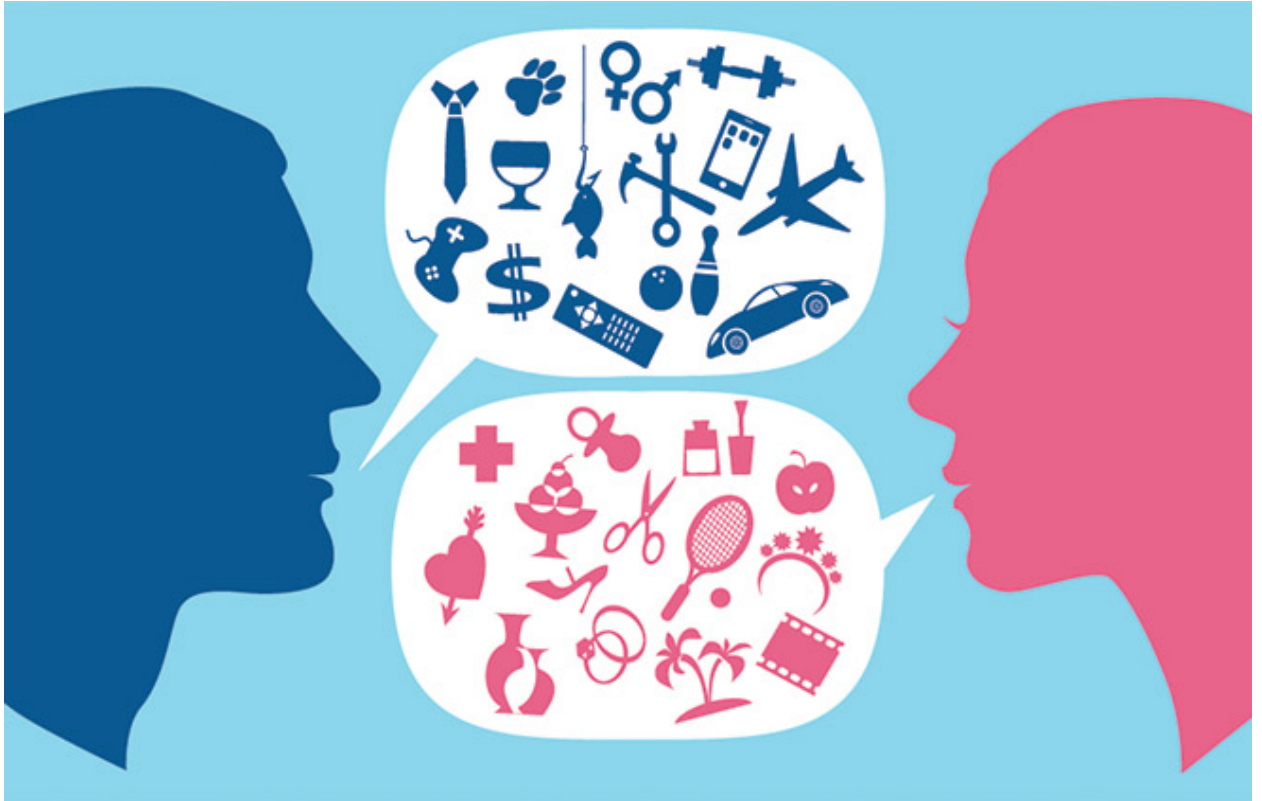

Mark only one oval.

True

False

## 4. Gender norms (Choose one answer): \*

Mark only one oval.

- are regulatory frameworks, which arise from our nature and not from our culture.
- do not only limit people's identity and capabilities, but also distinguish men from women based on social expectations for their appearance, behaviour and actions.
- are not the main cause of gender-based violence.

5. Men and women socialize in such a way as to "fit" into ideals of masculinity or femininity. People who do not conform to these male or female ideals are often isolated, discriminated or abused. \*

*Mark only one oval.*

True

False

6. Gender-based violence can only be physical and sexual. \*

Mark only one oval.

True

False
